Memorials - Awards - Gifts - Custom Projects

An elegant and unique gift, a lasting memorial or a cherished family heirloom.

Hand crafted in our art studio to the highest standards.

Art knife by John Pedini

YES, IT'S REAL 22k GOLD!

These items have been etched using a unique, proprietary technique and will never fade or wear.

Unlike other glass etching methods which leave a vague, frosted appearance, our special process results in a design that is extremely visible and can capture minute details.

On our plaques, we can reproduce a portrait from a photograph or virtually any other artwork, fill it in genuine 22k gold or apply to it a variety of archival quality color finishes.

The design is deeply etched from behind the glass, so is always protected and will remain for generations.

Contact us for custom and one-off projects!

Plaques from
\$48

Many styles are available and the price includes your choice of text to fit the plaque and a choice of colors for the background and text. For an extra special touch we offer 22k gold filled etching as an option!

Options:

Huge variety of styles and sizes including wood bases, clock plaques, multi colored and dichroic glass, etc. We also do glass slumping, cameos and broaches, hand engraving of gold, silver, steel and other metals.

Portraits:

From only \$20 extra for an etched portrait from your photo or artwork.

22k GOLD:

From only \$20 extra for real gold filled etchings & portraits.

CLUBS - Forget about cheaply made, sand blasted store-bought trophies! Enquire about our special pricing for multiple awards!

There is an endless array of design possibilities. See our range and explore the options at our web site!

About our Glasswork Pricing

In this catalog you will find several pages of glasswork for Memorials, Gifts, Corporate Awards, Trophies and Custom Projects. Prices listed include text and coloring, but you may want to include a number of options like adding a portrait to your glasswork. Options are divided into 3 sizes for easy ordering. If you wish to include any of the options, the approximate size will allow you to easily estimate the total cost of your glasswork.

Once you have decided on the style and size, specify various options like colour, wording, layout, etc., and e-mail us by following the link on our web site. We will then review your order and confirm any special instructions or options you have chosen, along with the actual total price including postage. You will then be sent a payment notice which you can pay securely through our website via Paypal or credit card, or you may pay via direct deposit or by forwarding your payment by mail.

The glasswork base prices listed in this catalog are inclusive of:

Background and text color of your choice

Etched text on clear glass is not always easy to see, so we recommend that you choose a color for the background in contrast to the text (or portrait). For example, light colored text shows extremely well against a dark background. You can specify your choice of colors when ordering your glassware. You may choose one background color and one text color.

Layout and font as requested

We will assist you in the layout of your text or designs. The only limit on the amount of text is what will reasonably fit on the glasswork of your choice. You may choose the text font if you wish, or you may specify general preferences like "script" or "bold". Of course, we will send you a proof of concept before your item is etched. If you would like a fancy border for your text, see the line-art option below. Keep in mind the size and shape of the glasswork when deciding on the final look and please note that the etching must remain a minimum distance of 20mm away from any any glass base or stand present on the glasswork.

Options you may wish to purchase (in addition to the listed price):

Additional color choices

We have a small cost for upto 4 colors which we will apply to separate areas of the etching as you require. Some restrictions do apply, so please enquire with us if you would like us to use more than the 2 included colors.

Adding line-art logos, symbols or frames.

Line-art is usually single colour drawing (such as one made with a pen or pencil) with little or no solid areas, and no shading effect other than cross-hatching. You will need to provide a clear copy of the artwork in black and white. Cost is based on the approximate total area of the line-art or logo.

Line-art size (Height x Width in centimetres)	Cost additional to the base price
Up to 25cm square	\$5
25 to 50cm square	\$10
51 to 150cm square	\$15

(Note: This will give you a good approximation of the cost for this option. We will consider the actual size when we review your order and advise you of the cost accordingly.)

A portrait from a photograph

We can convert a photograph that you supply into an etching and add it to your glasswork along with text or other designs. We require a clear, sharp photograph with good contrast and detail, as large as available. Conversion to an etching from a photo is a labour intensive process, so cost is based on the size of the etched portrait.

Portrait size (Height x Width in centimetres)	Cost additional to the base price
Up to 25cm square	\$20
25 to 50cm square	\$25
51 to 150cm square	\$30

(Note: This will give you a good approximation of the cost for this option. We will consider the actual size when we review your order and advise you of the cost accordingly.)

[22k Gold filled etching](#)

As an alternative to colour finishes, we can apply genuine 22k gold filling to any etched design. The requirement is that a background colour must be in place as gold cannot be applied to etchings on clear glass. The cost is based on the total area which is to be gold filled.

Gold filled size (Height x Width in centimeters)	Cost additional to the base price
Up to 25cm square	\$20
25 to 50cm square	\$30
51 to 150cm square	\$40

(Note: This will give you a good approximation of the cost for this option. We will consider the actual size when we review your order and advise you of the cost accordingly.)

We are always happy to answer any questions or provide advice when choosing a piece of glasswork. Please do not hesitate to e-mail us or call if you have any questions. Our contact information can be found on our website
